REGULATIONS

(Pursuant to the Provisions of the  
"Forest Act")

**Regulation 1**  
Every person carrying on any land-clearing, lumbering, industrial, engineering, or construction operation during the closed season in or within one-half mile of any forest or woodland or any slash or forest debris shall provide and maintain such fire-fighting equipment of a type satisfactory to the Forest Service as is hereinafter specified in these regulations.

**Regulation 2—Tools Required**  
Where a person carries on any of the operations specified in Regulation 1 above, it shall be the duty of such person to furnish and maintain such fire-fighting equipment as required in these regulations, as follows:—

- (a) *Engines, General.*—Where such person uses or operates an engine as a locomotive, logging-engine, or portable engine, such person shall maintain at or on such engine, ready and available for use, the following tools: Six 10-quart buckets, two hand-tank pumps of not less than 4-gallon capacity filled with water at all times, six shovels, three axes, three mattocks, or as an alternative, where a tank of water fitted with an outlet valve and containing not less than 400 gallons, and a pump, and not less than 500 feet of 1-inch discharge-hose or larger are provided, the complement of tools may be reduced to two buckets, two hand-tank pumps, two shovels, two axes, and two mattocks. All hand-tools to be maintained in a rack or box provided for the purpose on or adjacent to the machine.
- (b) *Stationary Internal-combustion Engines.*—Where a person is using or operating an internal-combustion logging or industrial engine in a stationary capacity, such person shall maintain all the tools re-

- quired as provided in clause (a) above, and in addition thereto shall supply and have available at or near such engine an open-end drum or closed drum fitted with a suitable 2-inch valve of not less than 45-gallon capacity full of water or the alternative water-supply as specified in clause (a) above, and chemical fire-extinguishers suitable for gas, oil, or grease fires of not less than the total rating of 1 gallon of liquid or 10 pounds of gas or 8 pounds of pressurized dry chemical fully charged and properly affixed to the engine aforesaid.
- (c) *Two or More Engines.*—Where such person operates two engines or more together as a unit, such person shall maintain one set of tools as described in clause (a) above at a location immediately available to such engines, and additionally shall maintain at each engine the equipment described in clause (b), except where the alternative water-supply is used, then the 45-gallon drums will not be required.
- (d) *Tractors and Logging-trucks.*—Where such person uses or operates an internal-combustion engine in a mobile capacity, such as a traction engine, tractor, or truck, engaged in the removal of forest products, such person shall have properly affixed on such vehicle chemical fire-extinguishers suitable for gas, oil, and grease fires of not less than a total rating of 2 quarts of liquid or 5 pounds of gas or 4 pounds of pressurized dry chemical fully charged and ready for use, and in addition thereto such person shall supply and carry on such vehicle one shovel and one axe, or one mattock, or one Pulaski tool.
- (e) *When Crew Six Men or Less.*—Notwithstanding clauses (a), (b), and (c) above, where such person is using or operating an engine and the total crew employed on the whole operation being carried out as mentioned in Regulation 1 consists of six men or less, such person carrying on such operation shall supply and have available and ready for use the following: Two 10-quart buckets, two axes, two shovels, two mattocks, one hand-tank pump of not less than 4-gallon capacity filled with water, and one chemical fire-extinguisher as specified in clause (d) above, and at or near such engine an open-end drum or closed drum fitted with a suitable 2-inch valve of not less than 45-gallon capacity full of water or the alternative water-supply as specified in clause (a) above. A round-point shovel shall be maintained at the power-saw refuelling point.

*Painting of Fire-fighting Tools.*—Provided always that all buckets, shovels, axes, mattocks, Pulaski tools, and hand-

tank pumps required by these regulations shall be marked with red paint and be kept in good repair and used only in case of fire. All such equipment shall be kept in a rack or box provided for that purpose on or adjacent to the machine. (For additional tool requirements on operations, see under Regulation 3.)

### CERTIFICATE OF INCORPORATION

#### "Societies Act"

Canada:

Province of British Columbia.

No. 5314.

I HEREBY CERTIFY that "The British Israel Association of Western Canada" has this day been incorporated as a Society under the "Societies Act."

The locality in which the operations of the Society will be chiefly carried on is Vancouver, Province of British Columbia.

Given under my hand and seal of office at Victoria, Province of British Columbia, this nineteenth day of December, one thousand nine hundred and fifty-seven.

[L.S.]

S. W. TAYLOR,  
Registrar of Companies.

The objects of the Society are:—

(a) To pledge loyalty of the members of this Association to Jesus Christ, the Incarnate Word, the Saviour of Men, the Redeemer of Israel, the King of Kings, the Lord of Lords, and the Only Ruler of Princes; to the Bible, as the ever-living written Word of God; to the Throne of the House of David, now officially established at St. James' or St. Jacob's, the capital of the British Commonwealth of Nations:

(b) To teach and publish that the Great Charter underlying the Throne and organization of the British Commonwealth of Nations consists of the Brith or Covenant entered into between El Shaddai (God Almighty) and Abraham and Sarah, and confirmed to Isaac and Jacob, to the House of Israel, and in certain particulars to the House of David; that the Brith or Covenant entered into primarily with Abraham the Brith-Ish (which, being interpreted into English, means the Covenant-Man), includes as later developed, the title to immense territories of land as an everlasting heritage; the organization and everlasting perpetuation of national life founded upon a secured civilization; immunity from destruction by enemies; the Brith-Annia, or Covenant of the Deep, or Rule of the Sea; ordinances of Worship and Salvation; a national constitution, not only immeasurably superior to any other code of laws, but absolutely perfect for such a world as this, and capable of universal application; the Virgin Birth and redemptive Sacrifice of the Lord; the establishment of the Throne of David forever; the return and reign of the King of Kings; the final triumph of God's purposes in Israel on this Earth; that by the principles of the constitution given under the Brith, or Covenant, human history has been directed and controlled to this day; and the divergence from it on the part of men and governments has been the direct cause of the confusion and suffering among the nations:

(c) To acquire land and build, maintain, and operate buildings, plant, machinery, and equipment for the purpose of the Society, including halls, libraries, and residences and such other buildings as may be required for carrying out the purpose of the Society:
